**Subject:** Annual Report for Wastes Exported to Canada

Ms. Shaw,

I am preparing to fulfill my requirements as a Primary Exporter (PE) for the first time and am unclear as to what the EPA is requiring from me. I have found the following on the EPA website:

"By March 1 of each year, the primary exporter has to file an annual report with the Administrator summarizing the types, quantities, frequency, and ultimate destination of all wastes exported during the previous year. Because there are relatively few primary exporters, the EPA has not developed a standard reporting form for the annual report."

I have received the following information from the Canadian facility the wastes were disposed at. Would submittal of this information fulfill my reporting requirements?

Look forward to your reply.

Chip Heister
